

# MATHEMATICS, MINOR

## Mathematics Minor Requirements

Students with a major in another department may be awarded a minor in mathematics upon completion of a set of core required courses and elective courses. All courses used to meet the mathematics minor requirements must be completed with a grade of C- or better and may not be taken using the S/U grading scheme. One course in the Applied Mathematics and Statistics Department (EN.553.xxx at the 300-level or above) may be substituted for one of the elective courses for the minor. One or two credit math courses may not apply. No other course substitutions are allowed.
